Combining the honesty of her country roots, with the heart of Gospel and the energy of rock, CHERYL K.'s voice provides a mirror in which her listeners see reflections...of their own lives...and of their dreams. Over the span of her career, she has entertained thousands...from Nashville to Las Vegas, Austin to Detroit, and has won loyal fans both in the U.S.A and in overseas markets, such as Australia, Austria, Belgium, Denmark, France, Germany, Great Britain, Ireland, Japan, Malta, the Netherlands, New Zealand, Poland, Spain, Sweden, and others.

CHERYL K.'s efforts have produced more than "30" chart-topping singles on U.S.A. and International Charts (seven #1's, many others in the top 5 and top 20). She gives much of the credit for her successes to: the producers, songwriters, musicians, background singers, engineers, promoters and publicists with whom she has worked throughout her career. Some of the music producers who have worked with CHERYL K. are: Norro Wilson, Bill Walker, the team of John Golden

and Ron "Snake" Reynolds and Jay Vern (co-producer with Cheryl K. of three of her most successful album CDs). All have found her distinctive style to be uniquely individual.
